TUSD GATE
Testing for GATE Services

Tucson Unified will be testing TUSD students 1st through 6th grade during October 16, 2017 and November 22, 2017 and kindergarten students during January, 9 through January 26, 2018 to determine student eligibility to receive gifted services in the TUSD GATE program for school year 2018-19.

Testing invitations will be sent in early September to all TUSD student families' home address in grades K-6 and parents must return the invitation or notify the GATE office if they choose to have their student tested by September 22, 2017. Invitations will have a self-addressed envelope or the invitations may be returned to the Cavett GATE office at 2120 E. Naco Vista.

Two additional make up tests for students living within the TUSD boundaries and choosing to enroll in the TUSD GATE program, will be administered on January 26, 2018 at Hollinger K-8 School and on February 3, 2018 at Cavett Elementary School.

Testing will be administered during the testing window at every elementary and middle school. Notices will be posted at each site providing the date of testing and communique will be sent home to families at the site level.

This is a great opportunity for children to receive an enriched and extended program. Please look for the GATE invitation and return at your earliest opportunity.

Tucson High Magnet School Auditorium
400 E. 2nd Ave.
Thursday, November 2\textsuperscript{nd}
6-8 pm
FREE ADMISSION

STOLEN EDUCATION documents the untold story of Mexican American school children who challenged discrimination in Texas schools in the 1950's and changed the face of education in the Southwest. Join us for a critical discussion on this civil rights case and its connections to the experiences of Mexican American students in Tucson's desegregation history.

Q & A with Executive Producer & Co-Writer

A YOUNG PERSON YOU KNOW MIGHT BE SUFFERING A MENTAL HEALTH CHALLENGE, CRISIS OR SUBSTANCE USE PROBLEM.

YOU CAN HELP THEM.

Youth Mental Health First Aid is an 8-hour course that teaches you how to identify, understand and respond to a young person who is experiencing a mental health challenge, crisis or substance use disorder.

The class focuses on mental health challenges for youth 12 to 18 years old, and teaches a 5-step action plan for how to help young people in both crisis and non-crisis situations.

Topics Covered Include:

- Anxiety
- Depression
- Substance use disorders
- Disorders in which psychosis may occur
- Disruptive behavior disorders
- Youth suicide and prevention

This evidence-based training is being presented for select staff from various TUSD schools. Every participant who successfully completes the training will be awarded a Mental Health First Aide Certificate and will receive 8 hours of PD credit.
ATTENTION HIGH SCHOOL STUDENTS!

Are you a motivated student interested in your Southwest heritage, culture, and archaeology? Want some hands-on field and lab experiences?

Applications are currently being accepted for this exciting program that involves:
- Learning about the history of the Southwest
- Visits to National Park Service parks and monuments, cultural and historical museums, and U of A archaeology laboratories
- participation in hands-on activities including an archaeological dig and artifact analysis

The program runs from mid-February through mid-June
Application deadline is December 10, 2017

Participants will receive (for keeps!) an Apple iPad mini with which they will use throughout the program to document their experiences.

For an application or for more information, contact Rebecca Renteria:

TUCSON HIGH MAGNET SCHOOL
Assistant Professor of Education Policy Studies and Practice at the University of Arizona’s College of Education, Dr. Kevin Lawrence Henry, Jr.’s program of research revolves around two central, interrelated questions. The first question critically examines how power and dominance shape and structure educational policies, practices, and reforms. The second question is concerned with how educational actors, understand, resist, reconfigure, and transform educational fields to be more equitable and socially just. His research pushes the boundaries of understanding state policies on school choice and addresses issues of race, access, and poverty in the educational setting.
